**The claim 13** is allowable over the prior art of record because the teachings of the references taken as a whole do not show or render obvious the combination set forth, including:

A tablet feeder comprising...a partitioning member fixed on a bottom outer surface of the table accommodating section, the partitioning member including a fixing portion and a partitioning portion having a plurality of linear elements having elasticity...

wherein at least two adjacent linear elements, among the plurality of linear elements constituting the partitioning portion of the partitioning member,

are connected at ends thereof that are remote from the fixing portion to form a U-shaped tip portion in combination with the rest of the claim language is not taught or fairly suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
